I (the "Model" signing) hereby grant the Contributor, including, without limitation, its respective parents, affiliates, subsidiaries, representatives, successors, and assigns (collectively referred to as the "Contributor") without any time or territorial limit, the rights to use my image, voice or name, as it appears in the photographs and videos in which I am featured, obtained in photo shoots or filming by the Contributor in which I have participated or will participate (hereinafter, the "Content").

Consequently, I hereby declare that the Contributor shall be the exclusive owner, on a worldwide basis and for the maximum duration provided by law, of all the exploitation rights of the Content, with the capacity to sub-license to third parties, including the right of reproduction, distribution, transformation and public communication, for its use in any media and/or support, known or to be known. For clarification purposes, such ownership includes, where appropriate, the intellectual property rights that may derive from my participation in the aforementioned photographs or videos.

The Content may be used in any medium or format and for any purpose (except for pornographic or defamatory purposes) by the Contributor and by any third party to whom the Contributor licenses or sub-licenses, directly or indirectly, the Content, including without limitation for artistic, editorial, commercial and/or advertising purposes.

This authorization entitles the Contributor and any third party to whom the Contributor licenses or sub-licenses, directly or indirectly, the Content to perform, without limitation, the following actions:

1. Publish, index, and distribute the Content on websites or media (electronic or otherwise, including blogs and social media), television, film, radio, commercial brochures, catalogs, and/or advertisements.
2. Modify the Content in any way you deem appropriate, including retouching, technical modifications, insertion or combination with other images, text, graphics, films, audio files, and audio-visual works, or deletion of elements of the Content
3. Publish only portions of the Content
4. Not to use or cease to use the Content.

This authorization is granted free of charge, and I acknowledge and agree that I have no right to demand any additional consideration or compensation for any sub-licensing, distribution, publication, and/or further use of the Content or any derivative works thereof, other than as set out in the employment or commercial agreements reached in connection with my participation in the Content.

I agree not to assert any claim of any kind against the Contributor or any licensee or sub-licensee in connection with the exercise of the permission granted herein. I acknowledge and agree that the Contributor shall not be liable for any unauthorized use or piracy of the Content by parties other than the Contributor.

My personal data will be processed for the purposes described in this model release. My personal data will not be made public, and will only be used directly in connection with the licensing of the Content and may be retained for as long as necessary for its fulfillment, including by sharing it with sub-licensees/assignees and transferring it to countries with data protection and privacy laws with a lower standard of protection than the GDPR, where it may be stored, consulted and used. I am informed that future licensees, sub-licensees, or assignees will have information about the processing of my data in their respective privacy policies published on their websites.

I hereby warrant that I am of full legal age and have the right to contract in my own name and that the Contributor will freely enjoy and exploit the rights that are the subject of this authorization.
